

TEAM KEDINGTON

Spring Newsletter

Happy New Year everyone! I hope you had a fun-filled break and are ready and raring for the exciting year ahead! Last term was a real success for sports at Kedington; Year 5 and 6 raced extremely well in the Trust Cross-Country competition, our football team won 4 out of 5 of their matches, and we had a high number of children from both key stages participating in numerous afterschool sporting clubs. What a great start to the academic year. I am excited to announce that our KS2 pupils will have the opportunity to compete in swimming, basketball and indoor athletics competitions this upcoming term. Information regarding these will be sent via ParentPay closer to the time. *Miss Jolland*

Spring Term Lunch Clubs

Mr Taylor will continue to train our football team on Wednesday lunchtimes. Please can I remind all children in the football team to ensure they attend training each week, thank you!

On Tuesday lunchtimes, Mr Taylor will run a training session for our basketball team. If your child would like to be part of our basketball team, please can I ask that they attend the trials which will take place **TOMORROW** (7th January). Training will then take place every Tuesday lunchtime. Please be aware that this is for Years 5 and 6 only and we are limited to a maximum of 12 pupils in the team.

Transport

Just a gentle reminder that as a school we ask parents to provide transport to help get their children, and where possible, other pupils to school sporting events. A huge thank you for your continuous support with this!

Daily Mile

As mentioned back in December, as a school we have taken on the **Daily Mile**, starting the first week back after Christmas. On **Mondays, Wednesdays** and **Fridays** all pupils will be running for 15 minutes around the school field in their year groups. It is going to be great getting all our pupils active and recognising progress and self-achievement! To remind you, the children will run in their school uniform and their school shoes!
