

Weekly Wows

Year 2 Art

These beautifully colourful paintings were done by the Panthers in art this week, inspired by the work of Clarice Cliff.

Year 4 Music

The Leopards are looking at rock and roll music in their music lessons.

The children had a go at learning the hand jive to help them understand the beat and tempo of rock and roll music. From the video I have seen, they clearly loved it!

Year 6 Science

Cougars have started a new study and are now learning about light in science. They have learnt that light is actually made up of all the colours of the rainbow, called the 'visible spectrum' and observed how the different colours refracted off CDs.

Children in Need

Well done to all of our children who took part in 'I'm Acting My Age' for Children in Need. Here are a few of the challenges that were achieved:

Ivy and Lewis in Year 2 did:

- 6 minute silence every 60 minutes for 6 hours
- Ate Breakfast handcuffed to each other
- Completed a Pudsey puzzle then coloured it in
- Successfully threw 6 ping pong balls into a cup in 6 minutes
- Balanced 6 books on your head for 6 seconds and baked 6 Pudsey biscuits

Hebe, Lara and Molly – Age 9

Did a synchronised cycle ride of their combined ages, cycling 27 laps around the park.

Seth's Challenges

1. Bake 6 fairy cakes
2. Sing and dance to song from the Musical Six
3. Make up a poem about 6 things
4. Make a nature collage
5. Write a postcard to a friend
6. Learn counting in 6's

Chi Chi's Challenges

1. Draw a picture of 4 special things
2. Bake 4 cookies
3. Call 4 people to tell them she loves them
4. Run round the garden 4 times

Introducing Ollee – a virtual friend (ParentZone/BBC Children In Need)

Ollee is a digital friend for children aged 8-11, created by Parent Zone and funded by BBC Children in Need's A Million & Me initiative, which aims to make a difference to children's emotional wellbeing. It's designed to help children reflect on how they feel and to process their experiences with the support and help of their parents and carers – and it does this by offering them advice about a range of subjects: school, family, friends, their body, the internet and the world.

For each of these subjects, children can choose an emotion that matches how they feel about it: happy, angry, sad, confused, frustrated, stressed or worried.

Next, they can choose from a list of topics – for instance, a child who was worried about school might be able to select 'I haven't done my homework' as the cause of their worry. Finally, they'll see a page of advice about the topic, presented in child-friendly bite-sized chunks they can read then or save for later.

You can get more information and download the Ollee app here:
